

Cryogenic Face Seal Coupling

Oxygen and Other Gases

MWP: up to 42Mpa

Temp range: - 197C degree

Sizes: 1/4" - 2" OD tube

Made of: Stainless Steel S316, SMO254, SAF2205, SAF2207
Nickel alloys M400 & K500, CuNi90/10, CuNi70/30 Brass 385,
686 AS1567

100% traceability on material & labour

Individual heat number etched on each item

Oxygen cleaned (if applicable)

Threaded, socket or butt weld ends
